

## REBELS WAIT FOR AMNESTY

Holguin With 35 Bandits Is at San Lorenzo, Says Report to General.

Epitaph Holguin, notorious Chihuahua outlaw, has asked for amnesty from the Carrancista government and to be at San Lorenzo, eight miles east of Juarez awaiting a reply from the Mexican federal government, according to a report received by Gen. Francisco Gonzalez, commander of the Juarez military district. Holguin, according to the report has 35 bandits with him at San Lorenzo. It is further reported that the federal government has already offered amnesty to Holguin and his band.

Epitaph Holguin is one of the most notorious of the wild cats of outlaws who for the past ten years have terrorized Chihuahua and other states of northern Mexico. Holguin was formerly a cooper of Pancho Villa's army, but later became a bandit. He is said to have quarreled just before the recent Villa attack on Juarez. Since his dispute with Villa, Holguin has been operating at the head of an indefinite band of outlaws in the interior of Chihuahua. Carrancista officials say that Holguin follows a policy of destruction of railroad property along the route of the Mexico Northwestern a few months ago when he paralyzed traffic from Chihuahua City northward for several months.

## Says Villa Is Weak And Ready To Quit

Pancho Villa, hitherto according to estimates placed upon the bandit by Gen. Manuel M. Diegues, federal commander of the Chihuahua military district, in a statement received by Gen. Diegues and printed in Chihuahua City newspapers, the bandit leader is characterized as weak and on the verge of surrender.

Look at these two plates and see your own reasoning. The roofless has sections on both sides (91, soft rubber next to soft gum. Designed to be put in immediately after extraction. It does not touch the hard bone in the roof of the mouth, therefore, it settles with the gums and makes it easy to fit. No full roof plate can compare with the fit of this plate, as it settles into its bed, lighter, more tongue room, clearer speech.

Dr. Williams has been making this plate for ten years, and is thoroughly familiar with its construction. Made only by us in El Paso.

## RAWSON PAID; AMNESTY SAFE

Capt. Matlack Goes After Aviators, Who Report a "Great Experience."

Matlack without making the final payment. The aviators wandered from Sunday afternoon until Wednesday along the Conchos river, near Palomir, Chihuahua, under the impression they were on this Rio Grande. This impression was not corrected until after their return to the border today. One attempt to escape was made by the aviators. They were flying over the river with their engines running, but they were shot down by the federal forces. The aviators were taken to a camp near Palomir, where they were held. They were then taken to a camp near Palomir, where they were held. They were then taken to a camp near Palomir, where they were held.

Two Landed in Mexico. Capt. Matlack said today that the aviators had landed in Mexico, and that they were being held in a camp near Palomir, Chihuahua.

The aviators, the captain said, had become confused while in the air and had mistaken the Conchos river for the Rio Grande. Instead of landing near Palomir, as they thought, they had landed at a point near Palomir, Chihuahua, more than 40 miles up the Conchos river where they abandoned their wrecked airplane after stripping it of its fuel and other valuable contents, which might make it of use to the Mexicans.

Thinking they were on the Rio Grande, they started down stream in an effort to locate Candelaria and report their accident to military headquarters. They landed at a point near Palomir, Chihuahua, more than 40 miles up the Conchos river where they abandoned their wrecked airplane after stripping it of its fuel and other valuable contents, which might make it of use to the Mexicans.

Bandits Well Mounted. Capt. Matlack said the bandits were well mounted.

The Americans tried once to escape, but were threatened with death and did not renew their attempt. Various attempts to escape were made, but were all unsuccessful. The bandits were then taken to a camp near Palomir, Chihuahua, where they were held.

Just decided there was no use in trying to escape, and that it was better to wait for the federal forces to come and take them.

Lieut. Paul H. Davis, reporting to Col. Langhorne over army field telephone, gave a brief account of his experiences.

"We thought we were in Texas all the time," said Davis. "We evidently confused the Conchos with the Rio Grande. We crossed a railroad bridge, after which our trouble developed, and a forced landing crashed the fuselage of the landing gear."

"As we had to abandon our plane, I took the vital parts and three machine guns from the airplane and carried them away to prevent their falling into the hands of any one. I believe the airplane is so badly damaged that it will be of no service to anyone."

Peterson's Father Overjoyed. Hutchinson, Minn., Aug. 19.—Samuel G. Peterson, father of Lieut. H. G. Peterson, was overjoyed when informed of the safe return of his son across the border.

"I consider that the army acted promptly and did everything in its power to help us. My wife and myself and two daughters will get our first rest in 48 hours now," he said.

Secretary of War Baker and senator Nelson promptly answered my request for action. The raising of the \$15,000 ransom by the cowboys in Texas was an example of true Americanism, of which I am proud.

"It was almost impossible to transmit that sum of money by wire for delivery in gold on such short notice. Their action may have saved the life of my boy and his companion."

Matlack is Border Veteran. Louisville, Ky., Aug. 19.—Capt. Leonard P. Matlack, son of Mr. and Mrs. W. B. Matlack, Louisville, gained fame in December, 1915, when with 20 men he followed a band of 300 bandits into Mexico and after a battle, in which 25 of the bandits were killed, recovered a herd of cattle stolen from the American side of the border.

AGUA PRIETA MERCHANT HELD ON CHARGE OF BOOTLEGGING. Douglas, Ariz., Aug. 19.—Jim Joe, a merchant of Agua Prieta, Sonora, opposite Douglas, was arrested Monday in the Mexican town on the charge of bootlegging and assessed a fine of \$100. As he refused to pay the fine he is in jail. Four cases of beer, three cases of whiskey and 20 gallons of mecal, seized in the raid, were poured into the street in front of the city hall.

Jim Joe, though a Chinese by birth, is a citizen of Mexico, having been naturalized 13 years ago. He has been prominent throughout the border district for many years and has a chain of stores throughout northern Sonora.

Arrest Mexican Paymaster. Carlos Carmelo Garcia, paymaster of the Mexican federal troops in Sonora, has been arrested in San Juan de los Rios, according to reports from Mexico City. Garcia is alleged to have fled from Nogales 20 days ago with \$50,000 belonging to the Mexican government.

## Stole Clothes For Children Woman's Plea

Need Of Clothing Excuse For Theft In El Paso Home.

"I had to have the clothes for my little children. I have been unable to get work for a long time and my little children needed the clothes very badly."

This was the only reason offered by Margarita Hernandez, 21 years old, for the theft of a valuable bundle of clothes from a prominent El Paso home Monday. A case charging Mrs. Hernandez with theft was filed in county criminal court Monday afternoon and the young woman was lodged in the county jail.

The story told attaches of the county attorney's office by Mrs. Hernandez was filled with sorrow. The woman said she went to the El Paso home to wash some clothes in order to secure money to buy food for her family. She declared that the clothes were stolen from her because she was poor and her children were hungry. She said she had no other way to get the clothes and that she was very sorry for what she had done.

## GARDNER SAYS EFFORTS FAILED

Unable to get relief from trouble until he took Tanlac.

"My efforts to find a medicine or treatment that would overcome my troubles, failed completely until I commenced taking Tanlac," said Gardner. "I was a well known business man at 705 Kenwood Parkway, Minneapolis, Minn., while talking to a Tanlac representative."

"I had a bad attack of pneumonia about eighteen months ago," continued Mr. Gardner. "and up to the time I commenced taking Tanlac I had been having a pretty tough time of it ever since. For about three months after getting up from this spell I was not able to do any work at all. I finally improved to the extent that I was able to do a little work and then the Tanlac hit me, and this just about put the finishing touch to me. Well, I managed to pull through this trouble and after being in bed for several weeks I was able to get up again, but my entire system was left in a terrible weak, run-down condition. I didn't have any appetite to speak of and what little I did eat didn't seem to give me any strength or energy to get about very much, and the different medicines I took didn't seem to do me any good at all."

"I had been reading so much about Tanlac, and what it had done for so many other cases, that I decided to give it a trial myself. I didn't think it was possible for anybody to improve as fast as I did after I began taking Tanlac. Why, my troubles have been completely overcome, and I am so well and strong now that I can only put in full time at my work every day, but I work in my garden at home until dark every night. I have such a big appetite that three hearty meals a day doesn't satisfy me, and I have to eat a little between meals. In fact, I just feel fine all the time and never enjoyed better general health in my life. I have induced a good many people to take Tanlac, and they all of them have been greatly benefited by it, and I certainly take pleasure in recommending it to anybody who is in a run-down condition from any cause."

Tanlac is sold in El Paso by Kelly & Pollard and by the leading druggists in practically every city, town and village in America.—Adv.

## Republicans See Chance In Split In Party Ranks

Leaders Plan To Take Advantage Of Democratic Rupture.

Fort Worth, Tex., Aug. 19.—Republican leaders in Texas plan to take advantage of the split in Democratic ranks to further the interests of their party in the state, according to a statement issued following a conference here. The statement says:

"Following the split in the Democratic ranks as developed by the Ferguson-Bailey factions here Thursday, Republican leaders were in conference yesterday afternoon for the purpose of discussing the situation and taking advantage of the opportunities presented by the family quarrels among the opposing party. It was decided to call a meeting of Republicans at an early date and decide on a plan of procedure, which will be calculated to advance the interest of their party."

"At the headquarters of the Republican council here, telegrams were received from all over the state pledging cooperation of the various local organizations in the struggle for office, according to the plan of procedure. The council estimates that 300,000 Republicans in Texas have been organized and out of the confusion in the Democratic ranks, they expect a homecoming of Republicans."
